

GPAC FY13 Supplemental 3 Review Meeting

**Minutes**

February 3, 2013

Wisconsin Room, IMU

1. The meeting was called to order at 10:05am by the GPAC chair.
2. Attendance

Name	Member Government	Attendance?
<b>Gordon</b>	Law	Present
<b>Ho</b>	Medicine	Present
<b>Zmoos</b>	Dentistry	Present
<b>Sallee</b>	MBA	Present
<b>Heidewald</b>	Pharmacy	Absent; excused
<b>Spence</b>	GSS	Present
<b>Parker</b>	GSS	Present
<b>Juhl</b>	GSS	Present

3. The committee voted to revoke the \$2,000 allocated to the Net Impact student organization during Supplemental 2 (budget request number BR0044033); funds were revoked because ECGPS provided funds of the same amount to the MBA member government for the Net Impact sustainability summit (see attached email exchange). The committee also voted to transfer the revoked funds to the ECGPS contingency account.
4. The committee voted to approve a Supplemental 3 funding cap of approximately \$13,000, and to not review late budgets.
5. GPAC reviewed FY13 Supplemental 3 budgets submitted before the published deadline (Friday, February 1, 2013 at 5pm). GPAC recommendations for Supplemental 3 budgets are detailed on the pages that follow. Supplemental 3 funding recommendations total **\$13,061.60**.
6. At the end of the meeting, the committee voted to invoke the Administrative Action provision of the GPAC bylaws (section VI.C). The GPAC chair used the provided authority as detailed in the pages that follow.
7. The meeting adjourned at 12:00pm.

Hi all,

FYI: I authorized the transfer of \$2000 into the MBAA account on Friday afternoon; feel free to contact SOBO about the funds' availability.

Stuart - please go ahead and freeze the \$2000 supplemental 2 allocation currently in NetImpact's account (if you haven't already); these funds will be revoked at GPAC's February 3 meeting.

Please let me know if I can be of any further assistance.

Best,

Ben

Ben,

We accept the terms of this agreement - Net Impact will not spend any of the \$2,000 allocated during supplemental 2 with the understanding that ECGPS will transfer \$2,000 to MBAA/Net Impact today (Stuart said he would discuss these details with you) to cover catering expenses for our Feb. 8 event.

Thank you for all of your help on this - it is greatly appreciated!

Kyle and I just met with Stuart, who, as I noted, will speak with you about some of the transfer details, transferring the funds to Net Impact directly.

Again, many thanks. We hope you can join us on February 8 and see some of your behind-the-scenes work on our behalf payoff!

Regards,  
Andrew

Hi all,

I just spoke with the accountants, and there is a way we can move this even faster: ECGPS will simply transfer \$2000 to MBAA (I can authorize this at the end of the day today) on condition that Net Impact not spend any of the \$2000 allocated to it during Supplemental 2; these Net Impact funds will either be revoked by GPAC in the next couple of weeks, or will remain in Net Impact's SOBO account until they revert back to ECGPS at the end of the fiscal year.

Is this arrangement acceptable?

Thanks,

Ben

**Subject:** FW: Question Regarding Supplemental Two Funds

Stuart,

Good morning. I am the president of the student organization Net Impact. We received \$2000 from ECGPS during supplemental two for our upcoming Sustainability Summit. The original plan for the funding was to cover airfare, hotels, and other travel expenses for our three speakers. We have however been able to locate three great local speakers and would now like to use the funding to help cover the IMU's catering cost so we don't have to limit the amount of university students, staff, and community members who will be able to attend. Even though Net Impact falls under the MBAA umbrella, it is considered its own student organization. Therefore using the funds for food is not allowed. After communication with Michael Appel and Ben Gillig, we have decided the best way to use these funds are to have them transferred from the Net Impact budget to the MBAA budget. I have CC'ed Ben Gillig, the current MBAA president Cheeni Rao, former Net Impact president Kyle Bogler, and our advisor Nadia Dwight.

Please confirm with us when this transfer has been complete, as we need to get the event forms turned into the IMU.

Please contact me with any questions.

Hi Kyle,

Thanks for the email - here is the problem: while member governments (e.g., MBAA) are permitted to spend their money on food, student orgs are not. When GPAC allocated money for Net Impact, they allocated it to the Net Impact student org.

So, in order to spend money on food you will need to do one of two things (the second is probably the easiest):

1. Ask the ECGPS Council to grant special permission to Net Impact to spend their money on food. This would need to occur at the next ECGPS meeting.
2. Have the treasurer or president of Net Impact request that some or all of the GPAC allocation for the event be transferred to MBAA's account. They can make this request by emailing SOBO accountant Stuart Stutzman and explaining the situation. Be sure to CC me and the MBAA president/treasurer. Once I get the email, I will reply to Stuart authorizing the transfer.

Does this make sense?

Thanks,

Ben

Hi Kyle,

Thanks for the email, and no worries about the meeting. Please be sure to respond to the email calling for

two nominations by tomorrow morning!

I think it would not be a problem at all to use the funds for catering. That is great that you were able to locate those speakers, it sounds like the event is going to be very successful. I would double check with Ben Gillig (ECGPS's GPAC chair) and just let him know that you have spoken to me about it and I didn't see a problem with it. Ben will make sure it doesn't violate any policies, since he is responsible for overseeing funding. His email is: [benjamin-gillig@uiowa.edu](mailto:benjamin-gillig@uiowa.edu). Feel free to cc me on the email. I think if the funding will help make your even more successful than it should not be a problem.

Let me know if you have any other questions, and be sure to double check with Ben.

Best,

Michael

Michael,

I hope the semester is off to a great start. Sorry I could not be in attendance last night due to a class which may limit me for the next couple meetings. I have a question I would like answered as we plan for our upcoming sustainability summit.

Net Impact, which falls under the MBAA umbrella was granted funds during supplemental 2 of \$2000 for 2013 Sustainability Summit which will be held on 2/8 for various line items including airfare, lodging, etc. We have however been able to locate some great speakers such as the CEO of Frontier Natural Products, the author of Practical Environmentalism, and the President of Prairie Ventures from the Corridor area. We no longer have the need for flights or hotels. Would it now be possible to have a portion of this amount used to cover some of the IMU catering, as it is the largest cost we have? If we are unable to use these funds for part of the catering it limits the amount of university students, staff, and community members who will be able to attend. We have other sponsors such as the Office of Sustainability and The School of Management which are helping cover the expenses, but we are still short. Please advise.
